

ENHANCED VACCINE PASS FUNCTION

LeaveHomeSafe App: Checks if the subject is under Isolation Order or Quarantine Order. It uses Vaccination Record, COVID-Vaccination Medical Exemption Certificate, Recovery Record, and Provisional Vaccine Pass stored in the app and turns Vaccine Pass QR Code to Red, Amber, or Blue.

RED

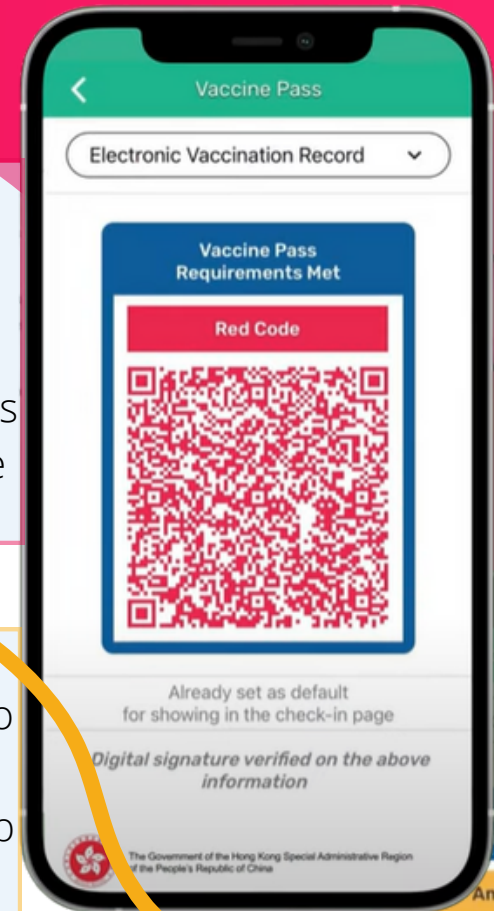

- All confirmed cases, home & community isolation cases
- Upon completion of isolation Red changes to Blue Code
- Unvaccinated or having received only 1 dose of COVID-19 vaccine are required to complete 14-days isolation
- Not allowed to enter all catering and scheduled premises
- Not allowed to enter Residential Care homes, healthcare premises

AMBER

- Inbound travelers or arriving from overseas and Taiwan
- At the end of medical surveillance Amber changes to Blue Code
- Not allowed to be involved in mask-off or group gathering activities in "active checking" premises
- Not allowed to enter Residential Care homes, healthcare premises
- Allowed to enter shopping malls, supermarkets, and use public transport under "passive checking"
- Allowed to go to work or school during medical surveillance

BLUE

- Vaccine Pass for ordinary persons who has received full vaccination
- No restrictions given that the person strictly observes anti-epidemic measures

HEALTH CODES
